## 马可威 Macro Wave

### Play Color玩色专家

经过多年发展秉持理念·锐意进取·追求完美哲学·为不断探寻并促进美术知识共享·制笔不仅是制笔·更是分享崭新可能·致力打造完美笔刷·塑造最佳表现力·

现已营销全球50多个国家深受世界各地艺术家的好评；并开发富有潜力及精湛技艺的艺术家携手合作·持续为保育这些未来珍贵文化宝藏的举措提供协助。

#### Play Color

After years of development, we adhere to the concept of forge ahead and pursue for perfect, and constantly explore and promote the sharing of art knowledge.

It is not just about producing the brush but also to create the best expression on art.

Our brushes are sold in more than 50 countries around the world and are highly praised by artists from all over the world.

We have also worked with artists who have the potential and skills to continue the conservation of these precious cultural treasures of the future.

### 背后推手

马可威的一切均开端自创办人赖健峰 ( Jeff Lai ) 先生(于1983年从台湾起家),是一位精锐之师·曾推出首支组合式铝料笔杆并创新概念于铝杆表面制作各式图案...等多项突破·改变市场需求。

他心怀远大理想·毕生致力发展公司·研制出的笔刷笔锋完美·塑造最佳表现力·极富流畅感与载色力弹性出众·笔头形状及笔尖经久不变·让使用者实践精彩画作。他特别为那些致力在其艺术范畴突破界限的杰出人士和团体支持·让新一代的艺术家得以一展所长。

#### Backstage planner

Everything started with the founder, Mr. Jeff Lai. Jeff Lai is an elite teacher who has introduced the first combined aluminum pen and innovative concept of patterns on the surface of aluminum, changing the market demand.

He is full of great ideals and devoted his life to the development of the company. He has developed a perfect brush stroke, and also created the best and smoothest expressiveness. The elasticity is outstanding, and the shape and the tip remain the same for long, allowing the user to practice the wonderful paintings.

He is especially supportive of outstanding individuals and groups who are committed to breaking through the boundaries of their art, allowing a new generation of artists to show their strengths.

## 工艺发展 *Process development*

### 专注匠心，只为一支笔 *Focus on the ingenuity, only for a pen*

我们也是工匠，做笔就是要一点点的精心雕琢。72道工艺的笔夹，将一支笔做成艺术。

We are also craftsmen, and the pen is to be carefully carved a little bit. The pen holder of 72 crafts makes a pen into art.

### 100%诚信原则至上 *100% integrity principle first*

己所不欲，勿施于人，长年来坚持的内在价值，采用自然饱满的毛料，真材实料笔箍下保留适当的笔毛长度，不可妥协的坚持与近乎固执的完美主义。

Do not want to do it, do not apply to others, the intrinsic value that has been adhered to for many years, using natural full of wool, real material. Keep the proper length of the pen under the pen hoop, uncompromising adherence and near stubborn perfect.

### 物料筛选的执着 *Dedication of material screening*

从一开始马可威就立足于原材料质量和制造工艺的研究，多年来开发了各种各样的刷子，使我们能够满足任何艺术需求。从每个刷子的规划概念开始，确保找到市场上最好的原材料，根据用户的要求选择理想的天然毛发，合成纤维和杆料。

我们负责每个生产和包装阶段，主要目的是使“Macro Wave”品牌成为高品质的代名词。马可威不断的再寻找新的推动力和新想法，我们随时准备接受创新，从不遗漏美术传统，创造手工刷。

From the very beginning, Marco has been based on the research of raw material quality and manufacturing processes. Over the years, various brushes have been developed to make me

We are able to meet any artistic needs. Starting with the planning concept of each brush, make sure to find the best raw materials on the market, according to The user's requirements select the ideal natural hair, synthetic fibers and rods.

We are responsible for every stage of production and packaging, with the main purpose of making the “Macro Wave” brand synonymous with high quality.

Marco Wei is constantly looking for new impetus and new ideas. We are ready to accept innovation, never miss the art tradition, create Brush by hand.

## 集聚传统与科技 *Agglomeration tradition and technology*

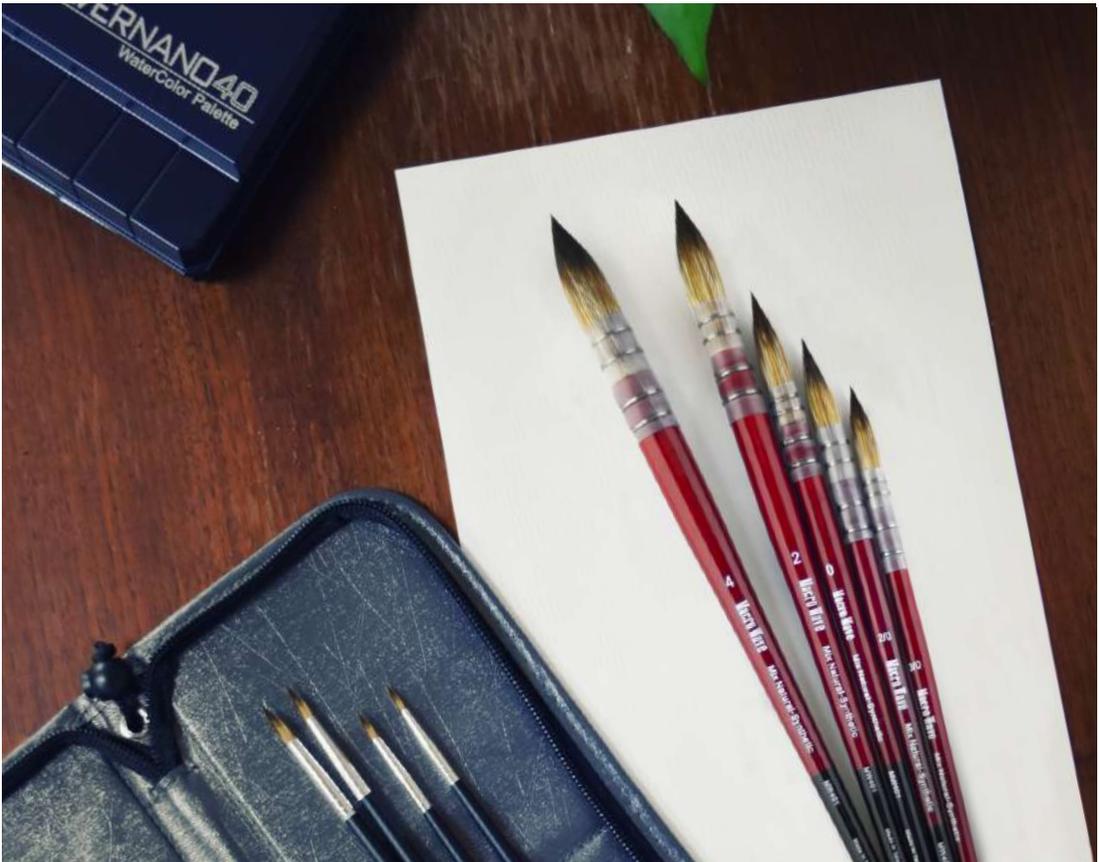

工序百道千万之中选一毫；好原料，也得有好手艺，才能让毛料的功效发挥到最大。而这时，制笔师傅的功夫便体现出来。我们的笔刷在全球市场上的质量和竞争力的基本原则是工艺传统与机械自动化创新之间的完美合作。在传统专注制笔精神更注入精密计算，使得每支出产的笔刷均能完美比例。

Choose one of the hundreds of processes; good raw materials, but also have good craftsmanship, in order to maximize the efficacy of wool. At this time, the skill of the pen-making master is reflected. The basic principle of the quality and competitiveness of our brushes in the global market is the perfect cooperation between process tradition and mechanical automa

## 落实环保友善环境 *Implement an environmentally friendly environment*

为了环境保护，敦促的原材料供应商研究全新及革命性的环保涂料，能够模仿每一个油漆的属性并具有天然无毒的漆料，使我们在未来的日子能最大限度地尊重自然，也提供员工最安全舒适的工作环境。

For environmental protection, urging raw material suppliers to research new and revolutionary environmentally friendly coatings that mimic the properties of each paint and have a natural, non-toxic paint that allows us to maximize respect for nature in the future and also provide employees The safest and most comfortable working environment

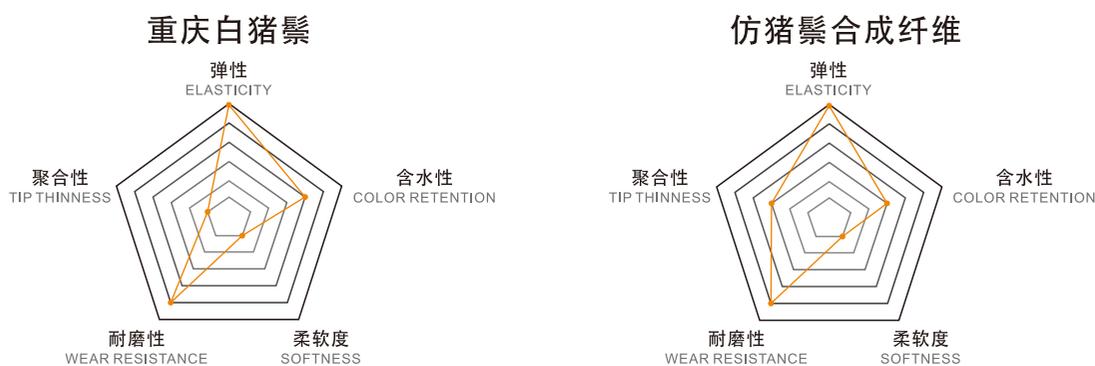

## 白猪鬃油画笔 / 仿猪鬃油画笔 Chongqing Bristle / Synthetic Oil Brush

本产品采用重庆白猪鬃/仿猪鬃合成纤维，能抵抗多种化学物质的侵蚀，如：松节油、洗笔液...等。重庆猪鬃相较于其他毛料更为坚硬耐磨且不易变形，对于厚重黏稠的油画颜料及丙烯颜料都能够顺利推动及涂布。

This product utilizes the Chungking bristle for its corrosion resistance to various chemical substances, such as turpentine oil, and other similar cleaning liquids. Chungking bristle is harder and more durable than other brush materials so it holds its shape. Thick and viscous oil colors and acrylic colors can be smoothly pushed and spread.

## 线笔 Liner Brush

笔刷分别采用最优质的合成纤维和貂毛，拥有绝佳的柔软性，富有弹性、聚合性、操控性佳和细致的笔触，还具有良好的保色性让颜色更均匀。

Brushes realized with the best quality synthetics and natural hairs, and characterize by the greater softness and flexibility, which ensure the required light touch. The specificity of these tools is the hair length, and which allow not only a good line marking but also an excellent color retention and homogeneous release.
